PRESIDENT EISENHOWER HAS FIRST MEETING WITH PRESS

EXECUTIVE IS OPPOSED TO TAX CUT BILL

Washington (AP) — President Eisenhower said today a tax reduction ought to be deferred until a balanced budget is in sight.

The President reaffirmed at news conference the position he has taken all along on the tax cut question. It gained special significance, however, because on the drive among some Republican members of Congress for a cut in personal income taxes next July 1.

Eisenhower said a tax cut now might mean higher taxes later. A tax-cutting bill cleared its first congressional hurdle yesterday. There are signs, however, that it faces a rocky path of parliamentary roadblocks, delay and eventual tough opposition.

The proposal, championed by Chairman Reed (R-N. Y.) of the House Ways and Means Committee, would advance by six months to June 30—a 10 per cent cut in individual income tax rates, and a 10 per cent cut in the surtax on income in excess of \$100,000.

The President said the bill would provide for the same reduction Dec. 31. It would wipe out the last increase of 11 per cent. The tax take is now high, so the percentages differ.

For some 50,000,000 individuals, the proposal means a 5 per cent reduction in their federal tax bill for calendar 1953. Under the bill, the tax on income in excess of \$100,000 would be 50 per cent.

For the federal government, the bill means an estimated loss of \$1.4 billion dollars in revenue, at a time when the defense program is still being running strong and President Eisenhower has pledged to do everything possible to match federal spending with income.

White House Press Secretary James C. Hagerty said yesterday the President's views on this issue had not changed.

New Cold Wave Grips Western Pennsylvania

Pittsburgh (AP)—A new cold well gripped Western Pennsylvania today after snow falls of as much as five inches were reported. The fall averaged one inch, but in places covered Blairsville, Somerset and Turtle Point in Mead County. The storm kept a lot for the Miller Air Taxi Service shuttling more than two hours between the Greater Pittsburgh and Allegheny County Airports before he was able to land.

Red Planes Engage in Fight Over Japan

Tokyo (AP)—Russian planes started that 10-minute air battle with American Thunderjets over northern Japan yesterday, the U. S. Air Force declared today.

The two LA11 prop-driven fighters were intercepted about three miles inside Japan's aerial boundary off Hokkaido, an Air Force spokesman said.

Lt. Benedict A. Lacombe of Pineville, La., one of the U. S. pilots, said the intruders turned immediately and roared toward the Thunderjets, their machine guns firing.

Neither Thunderjet was hit. Lacombe said he hit one of the Soviet planes and set it afire. The other LA11s fled toward the Kuriles, only 4½ miles from Hokkaido, Lacombe indicated the damaged plane may not have made it.

Parking Meter and Automobile Damaged When Driverless Bus Backs Over Avenue

Extremely slippery streets and highways, making driving hazardous, have resulted in surprisingly few accidents, and those are not of serious nature.

State police report no motor vehicle accidents in the past twenty-four hours, and city police looked to three this morning.

About 8:30 a. m., a Warren City bus, parked at the entrance of the bus terminal, drifted away from the curb and backed across Pennsylvania avenue, striking a Chevrolet sedan owned by T. Westgren, of Titusville, which was parked in front of Pickett Hardware Company. No one was injured. The sedan was driven over the

Water Co. Manager

—Timesphoto by Saylor

Announcement was made today of the appointment of Howard Landers, 9 Carpenter street, above, as manager of the Warren Water Company, a subsidiary of the American Water Works. Mr. Landers will succeed E. C. Schwalm, who has been transferred to Uniontown as manager of that plant.

Mr. Landers, who has been employed by the local plant for the past 33 years, began his work as a utility man in 1920. In 1926, he was promoted to foreman and served in that capacity until 1937 when he was sent to the pump station at the end of Pennsylvania avenue, east, as chief engineer, a post which he has held until now.

He is secretary of the Glade Township School District, secretary of the newly organized Glade Township Volunteer Fire Department, a director of the Warren Field and Stream Club for the past seven years, and a member of the Dad's Club of the local Veterans' Post.

ATOMIC SPIES GRANTED STAY TO MARCH 30

New York (AP)—The U. S. Court of Appeals today granted a stay of execution to March 30 to atom spies Julius and Ethel Rosenberg to permit them to petition the Supreme Court for a review of their case.

Their execution originally was set for Jan. 14 but a stay was granted pending a presidential decision on an appeal for clemency. President Eisenhower rejected the appeal last Wednesday and a new execution date of the week of March 9 had been set only yesterday.

The execution date now may be delayed even beyond March 30. The Appeals Court ruled that, if defense Atty. Emanuel H. Bloch filed his petition with the Supreme Court before March 30, the stay would remain in effect indefinitely pending Supreme Court action on the petition.

Comprising the Appeals Court were Judges Yearned Hand, Augustus N. Hand and Jerome N. Frank.

Bloch told the court he would begin work immediately on his petition to the nation's highest court.

HIGHWAY FATALITY

Uniontown (AP)—Injuries suffered in an auto wreck killed John H. Harrison, 49, coal miner of Lambert, last night in Uniontown Hospital. State police said Harrison apparently fell asleep at the wheel before his car ran off Lambert Road near New Salem, six miles south of Uniontown.

Workmen Buried Under Tons of Scrap Iron

Lewistown (AP)—A collapsing second story floor brought down 20 tons of scrap iron with it burying and killing two steel workers.

A third man busy at the same furnace of the Lewistown Foundry and Machine Co. yesterday jumped away as the 20 by 25 foot section of floor caved in without visible reason. Lester J. Eby, 47, of Lewistown, suffered leg injuries and was admitted to Lewistown Hospital in good condition.

Dead were Charles F. Carolus, 40, of Lewistown RD 3, a tender, and Edward D. Haffly, 59, a core-maker, of Lewistown. Carolus was on the second floor while Haffly and Eby were below him.

Carolus and Haffly were dug from the debris about an hour later by fellow workers.

ASSEMBLY TO PROBE "PIKE" SAFETY LAWS

Harrisburg (AP)—The Legislature today stepped into the controversy surrounding the safety record of the Pennsylvania Turnpike.

With no fanfare at all, the lawmakers voted to investigate the safety regulations of the 327-mile superhighway which saw the 1952 fatality toll reach an all-time high of 82.

The House completed action last night on a joint resolution which passed the Senate last week. The resolution calls for appointment of a 10-man legislative committee to probe turnpike safety. Its members were expected to be appointed within a few days.

The committee is empowered to find out what is information and what is misinformation concerning the turnpike's "safety factor for vehicular traffic."

Sen. John H. Dent (D-Westmoreland), who co-sponsored the resolution with Sen. Rowland B. Mahany (R-Crawford), said the committee will study the question of establishing a barrier at the medial strip between opposing lanes of traffic.

The 70 miles an hour speed limit, long a target of criticism by Col. C. M. Wilhem, state police commissioner, also will be part of the probe.

Meanwhile, the House put off until next week a vote on administration-backed legislation to set up machinery to revamp Pennsylvania's Constitution for the first time since 1874.

A vote scheduled for last night was flagged by Atty. Gen. Robert E. Woodside who contended that provisions for appointment of 30 of the 120 members of the proposed constitutional convention was illegal.

There was speculation that the 120 figure would be reduced to 110 by amendment. Another change, to meet the objection of Woodside and the Pennsylvania Bar Association, would remove appointive provisions in the measure.

Rep. Edwin W. Tompkins (R-Cameron), led a bloc of five House members in sponsoring a measure—without administration support—to require the question of whether a constitutional convention should be held at all to be placed on the November ballot for voters to decide.

Gambler Adonis Must Serve an Extra Term

New York (AP)—Gambler Joe Adonis will have to serve three more months in jail after he finishes his two-to-three year term in Trenton State Prison.

Federal Judge F. X. McGohey found Adonis guilty yesterday of contempt against the Senate Crime Investigating Committee, and imposed the three-month sentence.

Two New Jersey state prison guards accompanied Adonis, whose real name is Joseph Doto, into court, and hustled him back to the prison in Trenton after the judge made his ruling.

A defense request that the three-month sentence run concurrently with the state prison term was rejected by Judge McGohey.

Judge McGohey decided that Adonis was guilty on one count of a 16-count indictment. That count charges Adonis with refusing to answer whether he ever had contributed to a political campaign.

Investigators Turn Attention Again To Pittsburgh Prison

Pittsburgh (AP) Gov. John S. Fine's special prison investigating committee turned its attention to Western State Penitentiary today for the second time in less than two weeks.

Chairman Jacob L. Devers said the committee wants to talk to more persons at the Pittsburgh prison and "pick up some loose ends." He did not elaborate.

The committee started its probe of Pennsylvania penal institutions at Western State Feb. 4 following riots there and at its Rockview Branch. Since then the committee has visited four other institutions, including Rockview.

Devers said the group will stay in Pittsburgh tomorrow, after which it will adjourn for a few days and "then go back to Harrisburg to finish up the job." The committee met at the capital yesterday with state law, police and military officials.

Meanwhile, Dist. Atty. James F. Malone of Allegheny County awaited action on his request that County Court Judge John Drew charge the February grand jury so it can begin a limited probe of Western State Penitentiary.

Judge Drew deferred decision yesterday and dismissed the grand jury until tomorrow unless otherwise notified.

House Bill Would Revise Constitution

Harrisburg (AP)—The voters would decide whether a convention should be held to revise Pennsylvania's 79-year old Constitution under a new House bill.

Five Republican lawmakers introduced the measure last night as the administration held up action on its bill to hold a convention here next January to revise the state's basic law.

"We don't know for sure whether the people really want a new constitution," said Rep. Edwin W. Tompkins (R-Cameron).

Tompkins joined with four Dauphin County lawmakers—Blaine C. Hocker, Nolan F. Zeigler, Robert S. Ogilvie and John H. Moody—in sponsoring the referendum measure. They said it did not have administration support.

"Previous constitutional revisions always have been mandated by the people," Tompkins said.

"Ha!... must've answered the wrong Times-Mirror Want Ad—it isn't a magician's saw after all!"

Thirty Warren county young men departed from Pennsylvania Station last night for Harrisburg, where they will be inducted into the Armed Services today. The group consisted of Frank J. Zaffino, leader, Donald L. Baldensperger, assistant leader, Mark R. Bevevino, Jack L. Black, Franklin C. Brown, Edward J. Carr, Charles J. Dangelo, Duane O. Green, Blaine R. Jones, James A. Peterson, Eugene A. Rowland, Charles G. Samuelson, William R. White, Ned J. Zaffino, Paul L. Cook, Robert H. Utley, Richard L. Baker, Donald L. Beers, Charles Jewell, Harold L. Graybill, James E. O'Donnell, Joseph Straszler, Donald R. Lawson, Edward E. Adams, Gail C. Frank, Walter E. Abbott, Ernest L. Hagberg, Harry A. Lank, Jr., Harold F. Wolbert, and Joseph J. Pratz.

Along with the large crowd of parents and friends who dared the three-inch layer of snow that covered this area last night to see the boys off, were the Leidy Williams Band, the Salvation Army Band, the American Legion and representatives of the local draft board.

On behalf of the City Fathers and County Commissioners, the Legionnaires passed cartons of cigarettes and the Salvation Army, under Major Shaffer, handed out candy to the inductees. Also present were Melvin Keller, Selective Service chairman, Arthur Langdon, and Miss Ann Draheim, in charge of board.

Missing Plane May Have Been Heard Over Warren Area

Sheriff Larry Linder said today that last evening he received a report from Lyle Hanson, of Stoneham, of hearing a light plane over the Dutchman Run area about seven p. m. Friday.

Hanson told Sheriff Linder that the ship was flying low and that he could not tell if it continued in the southwesterly direction it seemed to be flying, or if it circled and headed back toward New York state.

Sheriff Linder communicated the message to Sheriff Morgan Segel, of Cattaraugus county, where the search is being pushed, and where the plane was heard earlier in the day.

If the ship continued on its southerly direction, it could have reached the Clarion area before its fuel supply gave out, Sheriff Segel said. Other scattered reports of hearing a light plane have come from the area between Stoneham and Tiona, also.

Farmers and students Monday scoured the rugged Cattaraugus County hills with law enforcement officers in the third day of a fruitless search for four Niagara University students.

Volunteer pilots flew over the area despite the uncertain weather, while searchers on foot struggled through heavy underbrush and snow until dusk without finding a trace of the missing students.

Little hope is held for the survival of James G. Sweeney, Jr., 19, of Elmhurst, L. I., Richard N. Hens, 21, of Waukegan, William J. Murphy, Jr., 21, of Lockport, and Donald L. Nickel, 21, of Rochester, who took off Friday from an Amherst airport to "bomb" St. Bonaventure University with leaflets prior to the Niagara-St. Bonnie basketball game.

EXTENDED FORECAST

Extended forecast for the period, Wednesday, Feb. 18, through Sunday, Feb. 22:

Western Pennsylvania: Western New York, Ohio and West Virginia: Temperature near normal for period; cold at beginning, milder by Wednesday afternoon, colder Thursday night; milder by Saturday. Precipitation likely Wednesday night and over southern sections Wednesday and again at end of week.

Stevenson to Lunch With Eisenhower And Congressmen

Washington (AP)—Adlai E. Stevenson, in a listening mood, goes to the White House today for a conference with President Eisenhower and lunch with a score of members of Congress.

The 1952 Democratic presidential nominee, moving through a round of capital conferences with his party's members, was open to a possible, presidential suggestion that he report back his findings in a world tour on which he will embark March 2.

But Stevenson made it plain in advance that any suggestion of that sort will have to come from Eisenhower.

The two men, who traded verbal punches in the 1952 campaign, planned to sit down for a 30-minute chat before they join Republican and Democratic lawmakers for lunch.

Stevenson said that in meetings with House and Senate Democrats yesterday he found the spirits of his party's members so high "that I wonder we lost the election."

Some Democrats who didn't support Stevenson in the election—namely Senators Byrd of Virginia, Daniel of Texas and McCarran of Nevada—were absent when Stevenson met 34 of the Senate's 47 Democrats.

Godfrey and Le May Finish Air Base Tour

Paris (AP)—Gen. Curtis Le May, head of the U. S. Air Force Strategic Command, and Arthur Godfrey, radio and TV star, finished a tour of American air bases in Europe today and left for the United States.

Before taking off from Paris' Orly Airport, Le May spoke to the Defense College of the North Atlantic Treaty Organization.

Godfrey accompanied Le May on the tour, which included stops in the Azores, Rabat in Morocco, England and France.

Godfrey, a U. S. naval reserve commander and pilot, said he "makes these two weeks tours of duty as a reserve officer every six months or so instead of taking vacations."

Governor Issues a Directive Clarifying Type of News Released To Be Cleared

Harrisburg (AP)—Gov. John S. Fine today limited to "administrative policy only" the type of state government news releases which must be cleared by his office.

In new orders to state officials under his jurisdiction, he said official departmental activities are to be given "free access to the press so far as factual data is concerned."

"This step is taken to insure that the public is given information factually, correctly and accurately," the governor added.

Fine said the new directive is intended to clarify one of last week which ordered all except "purely routine" news releases to be cleared by his office to insure conformity with administration policy.

Newspaper organizations protested the original directive as

SILENT ABOUT AN EMBARGO OF RED CHINA

Washington (AP)—President Eisenhower said today that he personally is not giving consideration at this time to the question of either an embargo or a blockade of Red China. His news conference statement left open the possibility that they were under study by other government officials.

The matter of possible new moves against the Chinese Communists was brought up several times in this first meeting Eisenhower has had with reporters since taking office.

On the first occasion, the President was asked whether he was giving any consideration to imposition of either an embargo or a naval blockade of Red China.

He replied the matter had not been discussed with him, except—as he put it—in the newspapers.

A few minutes later, a reporter brought up the subject again, saying he wanted to make sure he understood the President.

Did the President mean that neither a blockade nor an embargo had been discussed at all? the newsman asked.

Eisenhower said such steps had not been brought up officially, to him.

Seeking clarification, a reporter asked whether the situation was that Eisenhower personally had given no consideration to such action.

The President replied that was right—no consideration by him.

Then he went on to say he supposed the subject had been under consideration in several departments of government. He did not specify the departments.

Today's news conference brought out a crowd of 250.

The conference room in the old State Department building which seats 215, was jammed to the doors.

The attendance compares with a record of 347 for a presidential news conference—set at the first meeting President Truman had with reporters.

However, the White House had taken steps to limit the attendance at today's meeting. It barred most of the government public relations men, always a sizeable group at previous presidential news conferences.

As it was, some reporters were unable to get in today.

He immediately departed from the usual custom by saying he had (Turn to Page Ten)

Two Theories For Disaster to Airliner

Mobile, Ala. (AP)—A waterspout or a bolt of lightning may have knocked a National Airlines DC6 out of the sky into the Gulf of Mexico 44 miles southeast of here Saturday.

These were two of the theories being raised as civil aeronautics and airline investigators sought an explanation today for the crash that killed possibly all the plane's 46 passengers and crewmen.

A sea-air search for 29 missing was resumed at daylight after darkness brought a halt last night.

Relatives and friends resumed the grim, slow task of identifying the mangled bodies of 17 dead brought here by the Coast Guard cutter Blackthorn yesterday.

"Censorship." Fine told them that "no censorship, implied or real," was involved.

The governor said, however, the original order still stands, adding: "It places the responsibility of administration policy upon the governor where that responsibility rightfully and legally belongs."

The governor gave out copies of the new directive to newsmen after cancelling a press conference that had been scheduled for earlier in the day. An attack of indignation, he said, prevented him from meeting newsmen.

Considerable confusion developed after the first directive was issued. The Health Department, puzzled by what was meant by "routine news," refused to give out some statistic to an Associated Press reporter last Friday. The statistics were released yesterday.

We Are Forced to Increase Subscription Rates Effective March 1, 1953

During the past several years, drastic increases have been made in everything that goes into the publication of a daily newspaper. Labor has had several increases; white paper has almost doubled in price; ink, metal,—in fact everything has steadily gone up, and due to these various raises, we are forced to increase the subscription rates for our newspaper.

NEW RATES: \$12.00 per year home delivery; \$9.00 per year by mail in the First and Second Zones, beyond these Zones, the mail rate will be \$12.00 per year. The Newsstand price will remain 5c a copy.

The increase is about one-third cent per day.

By taking advantage of Dollar Days, you will save \$2.00 on each year's subscription.—\$1.00 discount for Dollar Day and the Dollar saved by paying before the price increase becomes effective. This will be your last opportunity to pay at the old rate. You can pay as many years as you desire at the present rate, less \$1.00 each year on Dollar Days.

Well Known Resident Is Candidate for J. P.

Howard F. Trusler, 13 Orchard street, announced today that he is a candidate for nomination for the office of justice of the peace subject to the decision of Republican voters at the May primary election.

Mr. Trusler has been a resident of Warren since 1895, and was a member of the High School graduating class of 1905. He is a member of the Warren Lodge of Elks, and was one of the founders of the local Barbershop chorus. He is also a member of the First Methodist church, and has actively participated in every Fourth of July celebration in Warren for the past 20 years, being a member of the original Citizens Committee and later the joint committee sponsored by the Jaycees.

Mr. Trusler says he will start circulating petitions Tuesday, February 24th, and will make an active campaign.

Tracy M. Greenlund, present incumbent, has also announced that he will again be a candidate for the office. Mr. Greenlund has held the office since 1941 and in that connection has been police court justice.

Early Warren History Recalled in Magazine

The very early days of Warren's history have once again broken into print, according to a reminder from James Springer's junior classes in driver education in Warren High School.

In the newly-published "Popular Mechanics History of American Transportation", edited by E. L. Throm and covering the subject from the time of the stagecoach to today's jet plane, Warren is used as an illustration of "smaller river towns" in the section of the book devoted to early steamboat travel.

A picture of Warren is reproduced, showing arrival and departure of steamboats at the dock on the Allegheny, as viewed from the south side of town. The article states that steamboats caused much excitement for "men, women, children, dogs, cats and horses gathered along the river to witness the great event".

License Applications Are Being Received

Motor vehicle license applications are being received by local motorists.

Included are applications for truck licenses—which must be in at the same time—and for the last time as result of a new law passed by the state legislature.

Truck licenses this year will be increased in cost by 1 1/6 as result of the law. The reason is that the licensing period is two months longer than for automobiles. Automobile licenses remain the same.

It was emphasized that all licensees must observe the March 31 deadline this year, but next year the automobile licenses will be two months ahead of truck licensing.

This year, licenses are a "must" after March 31 but can be used after March 15. Next year, auto license deadline will be March 31 and for trucks May 31.

March Price for Class 1A Milk Is Announced

New York (AP)—The March price of Class 1A fluid milk produced for the New York metropolitan milk marketing area will be \$5.08 per hundredweight (46.5 parts), A. J. Pollard, acting market administrator has announced.

The price for February is \$5.27 per hundredweight. In March, 1952, it was \$5.60.

Pollard said dairy farmers are never paid the Class 1A price. Handlers pay that price to the New York pool for the milk they use in that category. In turn, dairy farmers are paid a uniform price which is determined by the use made of all milk received at country plants approved for the New York marketing area.

CONTINUED NEED FOR HEART RESEARCH

Medical science has made much progress in recent years in controlling many diseases that may cause fatal heart damage. Among these diseases are diphtheria and syphilis, which have been brought under control due to new drugs and public health measures. But the big three—rheumatic heart disease, high blood pressure and arteriosclerosis—the chief causes of heart disease, still remain a major health problem. Their causes are not yet fully understood, and researchers, through grants from the Heart Fund, are working ceaselessly to find the answers.

NO DETOURS

The current Pennsylvania highway construction bulletin, issued for the period February 13 to March 13, shows no detours established in this area. The closest ones are just north of Coudersport on Route 49, and west of Cochran on Route 285.

ANNUAL BANQUET

All men and boys of the First Baptist church are reminded that Thursday evening, 6:30 o'clock, is the day and hour set for the annual father and son banquet to be held at the church. An entertaining program will follow the serving and it is hoped there will be a large turnout.

ENJOY PICTURES

Fourteen members of the Y-Bar-U Saddle Club were in attendance for the dinner-meeting of the PONY Association held at Wattsburg. For the program, interesting slides and movies portrayed the 1952 Olympic Horse Show at Helsinki, Finland, and the famed Austrian Lipizzan horses. All were shown by Laddie Andahazy of Cleveland.

CLARION JOINTURE

Officials of five Clarion county school districts met at Rimersburg Thursday evening and formed a school jointure which will take effect the first Monday in July, 1953, according to Fred Miller, supervising principal of the Rimersburg school. School districts affected include those of Rimersburg and Shigo boroughs and Toby, Madison and Piney townships. Thirteen hundred pupils will be affected by the change.

FINGERS INJURED

John Fisher, Warren RD 2, employed at Phenix Furniture Company, sustained laceration of the tip of the right thumb yesterday when working with a mitering machine. He was treated at Warren General Hospital emergency ward and discharged. Grant Bentley, Kinzua, employed at Hammond Iron Works, caught his thumb between steel plates and crushed it. He was also treated and discharged.

Successful Benefit Supper at Garland Community Center

Garland — A very successful benefit pancake supper was held at the community center, with Mrs. Merle Sandrock as chairman of the affair. The committee and diners were appreciative of Mr. Irwin's gift of maple syrup.

Richard Dahlstrom is mourning the death of his pet dog which he thinks was poisoned.

Carey Smith has lost about 16 pounds. He thanks neighbor dogs for being responsible for the trick. Mr. Smith is now setting traps to catch the thief.

The Hill family was in Panama Sunday, visiting relatives. They found about 14 inches of snow here while spring weather has prevailed in Garland. No ice has formed in the local streams.

Ardella Storch and young son have returned from a visit with her parents, Mr. and Mrs. H. G. Irwin, in Florida. They made the trip by plane. She found her mother somewhat improved, but both homesick for their attractive home in Garland and anxious to get back.

Mrs. James Black was returned home by ambulance Friday, following several days in the hospital.

Alex Kosheba has moved back into his cozy cottage and the family who had been occupying it have moved into what was formerly the Methodist parsonage.

Mrs. William Mireno has returned from Titusville, where she was a surgical patient for ten days. She goes back daily for treatment.

The John Radecki family left Thursday for Arizona, where they hope to make their future home. They purchased a truck which enabled them to take much of their furniture.

Some animals and birds are colored in warm weather, but white during the winter.

Question Over Deed Delaying Decision On Columbus Dam

According to the Corry Journal failure of the Warren county court records to show recording of a deed many years ago is currently delaying a Fish Commission announcement that it is ready to start rebuilding of the Columbus Dam which was destroyed six years ago next April.

The question over the deeds several months ago worked its way up to the state attorney general's office for a ruling which has not been forthcoming.

The problem over the old deeds came to a head when the Fish Commission asked for waivers of water rights from all property owners if it (the commission) was to go ahead and rebuild the dam as the Columbus Municipal Authority has requested.

In tracing those old deeds it was found that a half interest had never been transferred from Aaron Francis to Emmett Putnam when the latter purchased the grist mill from Francis who had built and operated the mill. Putnam first purchased a half interest in the mill and property around the dam and operated the mill as a partner with Francis but later he bought the entire property.

No record of this second real estate transaction is on file at the Recorder of Deeds office in Warren and without an official ruling on the question the commission declines to authorize the expenditure of some \$20,000 to reconstruct the dam.

Charles French, head of the commission, has publicly announced that he stands ready to recommend to that body that it rebuild the dam as soon as the question of property rights can be cleared.

Last summer it had been believed that the matter would be resolved rapidly enough to permit recreating the dam and pond by late fall but this failed to materialize. Now members of the Columbus Authority, who have been actively promoting the rebuilding plan to personally contact with the state attorney general's office with a request for an early decision on the deeds.

General Business In Leading Areas Gains in December

State College—General business in leading areas of Pennsylvania gained 7 per cent from November to December, the Bureau of Business Research at the Pennsylvania State College reported today. The gain over a year ago was 14 per cent.

The Index of General Business, the Bureau noted, climbed to 381 in December, a gain of 24 points over November and a gain of 46 points over a year ago. The Index is based on bank debits, factory payrolls, and industrial power sales, and uses the years 1935-39 as 100.

New December records were noted for bank debits, postal receipts, new car and truck sales, telephone, industrial power sales, factory payrolls, and average hourly and weekly earnings in manufacturing, and building contracts. Hotel receipts and carloadings in

December also were up from 1951 and department store sales gained five per cent.

Factory employment and hours in December were up from 1951, but under 1950 and factory payrolls were better than a year ago in all ten of the State's leading manufacturing areas and in 19 of the 20 leading manufacturing industries. The cost of living was only slightly higher than a year ago.

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million kidney tubes and filters flush out waste. Get Doan's Pills today!

Kidney Slow-Down May Bring Restless Nights

The summary for the Warren area follows:

Most business series in this industrial area for December showed gains over 1951. New highs for the month were reported for postal receipts, telephones and industrial power sales. Building operations in December totaled \$135,500, new car and truck sales were 156, postal receipts, \$122,987 and telephones in service, 9,170.

THE SIX LEADING CAUSES OF DEATH

UNITED STATES 1951

Latest available figures from the National Office of Vital Statistics

As this chart shows clearly, diseases of the heart and circulation lead all others as a cause of death in the United States. They are responsible each year for more deaths than the next five most important causes of death combined. One type of blood vessel disease alone, hardening of the arteries, causes more deaths annually than cancer.

Although these widespread disorders strike most often in the later years of life, there is no age group that is exempt. Of the approximately 10,000,000 Americans who suffer from some form of heart disease, an estimated 500,000 are children of school age.

The American Heart Association and its affiliates are attacking the heart diseases through research, education and community heart programs. A contribution to the Heart Fund will help support this nationwide fight against the most challenging health problem confronting the American people.

FEBRUARY SONGSTER
The New York Times

The tree sparrows are now regular customers at most bird-feeding stations; and on a warm, sunny afternoon the tree sparrows will occasionally pay for his meals with sweet song, somewhat rasping in tone at this time of year but still with an unmistakable canary quality. As days grow warmer, the song will grow sweeter.

Along with this patron one will occasionally see the field sparrows, though most of them are resident farther south at this time of year. The field sparrow and the tree sparrow look, at first glance, much alike, both having the same ruddy cap, the same white wing bars, the same gray throats. But the tree sparrow is a trifle larger and he has a single dark spot on his breast, a single button on his weskit, while the field sparrow has no buttons at all.

Both are migrants, and the tree sparrow soon will be moving north again. It nests in the extreme north, just below the tundra along the Arctic coast. It winters on occasion as far south as South Carolina, but seems to like this area. The field sparrow is a less hardy bird, nesting not much farther north than Quebec and wintering as far south as Louisiana.

The tree sparrow at this time of year often flies with the juncos. Mixed flocks are seen on brushy hillsides and in river bottoms and working on the weed heads of old pastures and fence rows. At the feeding station they are less skittish than the juncos, almost as tame at times as the chickadees. They are always welcome, doubly so in February when they begin to sing on a fine day. Their song can't compare with that of a song sparrow or a white-throat, but is a sweet song and any bird song is doubly sweet in February.

ADVICE TO MIDDLE AGED

No matter how many years you've been driving a car, and you are past 40, you should drive ten miles an hour slower than you drove when you were 30—at least on the open highway.

Heeding this warning says Dr. Paul H. Fluck, New Jersey physician, in the March issue of the Journal of Living magazine, may add years to your life. After 40, your reflexes slow down. It is these reflexes on which your safety as a driver largely depends.

Although your hands still swerve the wheel automatically when sudden danger appears, or your foot slams down on the brake, your reactions may be seconds slower than they were. And one second, or even a fraction of a second, may make all the difference in whether or not you have an accident.

Forgetting that your reflexes are slower once you pass the age of 40 can cut off many good years from your life, declares Dr. Fluck.

The physician lists four other mistakes which may shorten life in middle age: One is to take on work which you are physically, mentally or unemotionally equipped to do. Another is to ignore seemingly trivial ailments. These may not affect a person of twenty, but once past forty, "little" symptoms may be the forerunner of more serious troubles.

Mistake number three is to let excess pounds pile up. Overweight is a threat to long life. And mistake number four is to try to keep up the pace of your younger years and not get enough rest.

Residents of this area join his relatives and friends in mourning the sudden passing of Waters C. Davis, prominent Jamestown manufacturer for more than thirty years, who died at 8:15 o'clock last evening at the WCA Hospital shortly after he was stricken at his home. President and treasurer of the Davis Furniture Corporation and the Randolph Furniture Works, Mr. Davis was held in high esteem by all who knew him. He was considered one of the foremost manufacturers in the industry in the east. To his family we extend sincere condolences in this time of sorrow.

Reminder to prospective donors - - - The Bloodmobile will be at Red Cross Headquarters, Market street, tomorrow. Enough volunteers have been signed up to assure the collection of 150 pints if the "no show" list is not too long. Keep your appointment if at all possible. Help the committee to reach the quota on this visitation!

Here And There

"Just make it illegal for anyone to own a spotlight on a car, and the deer problem will adjust itself in a hurry!" This is the opinion of Levi Erickson, Russell RD 1, well known resident of the Scandia area for the past 30 years as expressed during a visit to the Times-Mirror office. Then he continued:

"During the summer and fall months, that's when these poachers knock them over. Just one midnight recently we heard shooting. Instead of wardens working in the day time, they should be on night shifts. It's really a crime the way people with spotlights kill deer out of season. Regarding food I'll say for my part deer graze all over my fields and get food the cows pass up. Another thing, too many button bucks are slaughtered each year, to keep the herds at reasonable size. Getting back to spotters I wouldn't be afraid to swear that hundreds of them have been knocked off along the old coal road up around Scandia. These people who have no respect for the law should go to town and buy meat the way they should, and wait until hunting season to shoot deer. I have a right to shoot deer on my land when my property is being damaged, but I never have and never will. I can remember 15, 16 or 17 years ago during deer season, when deer could be seen jumping all over the section, but not any more. We all agree bucks are scarcer than they have ever been, and this situation will get worse, because they are killing off button bucks too fast. At the rate deer are being killed off it won't be long until hunters will have to hang up their guns and forget about deer season. I know, because I am in the woods every day. One spring about 15 or 16 years ago, deer put in a hard winter, and when snow commenced to go off I went out and counted thirty in one area, but you never find herds like that now. There is enough grousing in Elk township to feed hundreds of deer, and this is based on my experience on the same farm for nearly thirty years. Again I say, I'd like to see them make it a law to prohibit all spotlights, and have wardens patrol deer sections from dark to midnight—they'll catch a lot of them, especially up around my neighborhood."

Experts Say Farm Price Drop Doesn't Signify a Depression

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Present declines in farm prices—particularly meat and cotton—offer no signs of the beginning of another 1929-1932 depression, according to top officials of Department of Agriculture.

Secretary of Agriculture Ezra Taft Benson, asked if he saw any parallel to 1932 in today's situation, said flatly, "No, I do not."

O. V. Wells, head of the Bureau of Agriculture Economics, told the Senate Agriculture Committee that the drop was more like that of 1949-1950. After reaching a peak of over 300 in January, 1949, the index of prices received by farmers dropped to 240 in December, 1949. It then rose for two years to an average of 302 for 1951.

The drop all through 1952 brought the index to 267 in January, 1953. A further drop of about 5 per cent, bringing the index to around 250, is possible in 1953, according to BAE.

THE latest BAE "Outlook Digest" points out that the sharp decline in farm prices is about ended now, and "even some increase is in prospect for the next few months."

In an effort to reassure farmers and stop mild panic, the Digest emphasizes that of 12 major groups of farm products, the prices of meat and wool alone are lower now (by about 10 per cent) than before the war began in Korea.

What burns the farmer, of course, is that prices are now below the 1951 Korean war boom peaks.

GOV. CARLTON SKINNER of Guam, who has had his troubles with the Navy ever since civilian government was established on this U. S. Pacific island outpost, has submitted his resignation to President Eisenhower but will stick to his post till his successor is named.

THE new House Committee on Veterans' Affairs was treated to an emotional scene at its first meeting. Veterans' Administrator Carl Gray opened with a general statement on VA programs. The various congressmen patted General Gray on the back for his good work.

Adm. Joel T. Boone, head of VA hospitals, followed on the stand and opened with a moving account of what a great job he thought General Gray had done. At least it moved Gray. He sobbed audibly and cried into a handkerchief all the time Dr. Boone was extolling the general's virtues.

THERE'S a pretty good shelf of books that can be assembled by anyone interested in reading the writings of the Eisenhower administration bigwigs. The list would start out, of course, with President Eisenhower's own "Crusade in Europe." Here are some of the others:

Secretary of State John Foster Dulles, "War, Peace and Change"; Undersecretary of State Walter B. Smith, "My Three Years in Moscow"; Assistant Secretary of State Carl McClellan, "These Are the Standards"; Mutual Security Administrator Harold Stassen, "Where I Stand"; Central Intelligence Director Allen W. Dulles, "Germany's Underground"; Attorney General Herbert Brownell, "Manual of Hotel and Restaurant Law"; Secretary of Agriculture Ezra Taft Benson, "Appraisal and Farm Loans"; Director of Census Robert W. Burgess, "Mathematics of Statistics"; and "Scientific Management of American Industry"; Ambassador to Germany James B. Conant, "Our Fighting Faith"; "Our Understanding Science"; and "Education in a Divided World"; White House Administrative Assistant Robert Cutler, "Louisbourg Square"; and "The Speckled Bird"; Federal Security Administrator Oveta Culp Hobby, "Mr. Chairman."

Letters to the Editor

RE FLUORIDATION

Dear Editor:

Those who favor fluoridation are only asking that all pay for and use something which may be beneficial, is not a necessity and which all do not want to use.

At present we who want pure drinking water can have it, and those who want fluoridated water can also have it.

Those favoring fluoridation of public water may say: "Let those who don't want it buy pure bottled water—even at the city's expense." The answer is that water itself is a necessity for normal living. Fluoride is not. So wouldn't it be more fair for those who want something extra and unnecessary, to accept the added expense and inconvenience rather than to place the burden and worry on those who are asking only for an absolute necessity—water?

Compare this type of reasoning—making all people subject to "doctored" water with another type of reasoning now active in the U. S. A. People may belong to the Communist Party or not just as they choose. Communistic reasoning would require all people to be Communists.

Can you see the similarity in the reasonings both favoring benefits for some instead of fairness to all? **FAIR PLAY.**

★ RUTH MILLETT ★ Nothing Is More Useless Than a Consistent Yes-Woman

A BUSINESSMAN once said, "When two men in a business always agree, one of them is unnecessary." The same can be said of marriage partners. And yet many a woman thinks the ideal wife is one who always agrees with her husband, quotes his opinions as gospel, and always assures him that whatever he did was the right thing to do. Fortunately, most women aren't self-effacing enough actually to live up to that ideal.

But why should any wife try? Always agreeing with another person is the quickest way in the world to lose one's own individuality. It makes him a mere shadow of a stronger personality. And, of course, it gives the one with whom he continually agrees, an exaggerated idea of his own importance.

AGREEABLE WIVES ARE DENYING THEIR ABILITY

BUT on top of all that, a marriage in which a wife always agrees with her husband would make absolutely no use of her intelligence or her feminine viewpoint. When a couple could benefit from the intelligence of two people, why should it ever be a good thing to limit them to the use of one? Men often talk as though their idea of the ideal wife is a woman who always agrees with them. But most men are too smart to actually believe that.

And the rare man who is married to a woman who always agrees with him doesn't act as though he is married to the ideal woman. He usually feels as though he is married to a nit-wit. He is so used to having his wife agree with him that any time she expresses an idea of her own without checking to see that she is reflecting his opinions, he is sure it isn't his sensible.

Whenever you find a wife who is a "Yes-woman," you'll find a husband who thinks his wife hasn't enough sense to come in out of the rain.

CHANGE IN TIME OF SENECA PTA

The February meeting of Seneca PTA, scheduled at the school Wednesday evening, has been changed to 8:45 p. m. in order that members and friends desiring to do so may first attend Ash Wednesday church services. Guest speaker for the evening will be William E. Rice, president of Warren borough council, and it is anticipated there will be a good turnout to hear Mr. Rice's presentation of borough affairs. Concluding the evening, Mrs. Howard Ladner and her committee will serve refreshments.

Woman's Discovery Makes Margarine Spread Smoother

"If you've ever spread a hole in bread," says Mrs. Filbert, "you'll share my satisfaction in this discovery that makes my margarine spread smooth—even when it's ice-cold! No crumbling, no lumping. No shaving or chipping off a hard block."

Mrs. Filbert's Margarine is her own recipe, and it tastes so sweet and fresh you can't tell it from the most expensive spread. Only a woman could make it taste so good and spread so smooth! Ask for Mrs. Filbert's Margarine.

YWCA BOARD MEMBERS APPROVE NEW BUDGET

Twelve members of the YWCA board of directors met at the home of Mrs. W. F. Bennett last evening to enjoy her traditional Shrove Tuesday pancakes. Following the serving, the monthly board meeting was conducted by Mrs. James Bailey, president, and the group approved the 1953 budget as presented by Mrs. Paul Harrington, chairman of the finance committee. Proposed committee lists were given the various chairmen, who will contact each YW member for acceptance before the next board session.

BRIDES-ELECT ARE HONORED AT PARTY

Miss Jean Steele and Miss Edna Glasser were hostesses at their apartment, 418 West Third avenue, for a pre-nuptial shower which honored two brides-to-be, Miss Bertha Jane Battaglia and Miss Lois Hulings.

Prizes for four tables of bridge were awarded to Mrs. O. C. Tritt, Mrs. Gerda Lawrence and Mrs. Howard Hulings, with dessert served at attractive Valentine tables. The honored ones were each presented a gift from their hostesses, and a gift from the group.

ENJOY PICTURES

About 25 members of the Win One Class of First Evangelical United Brethren church, attending the regular meeting at the church last evening, enjoyed the Pennsylvania Week industrial slides and lecture presented by Nat Drake, executive vice president of the Chamber of Commerce.

Civil Defense Head Appoints Ball Chief Of Air Observation

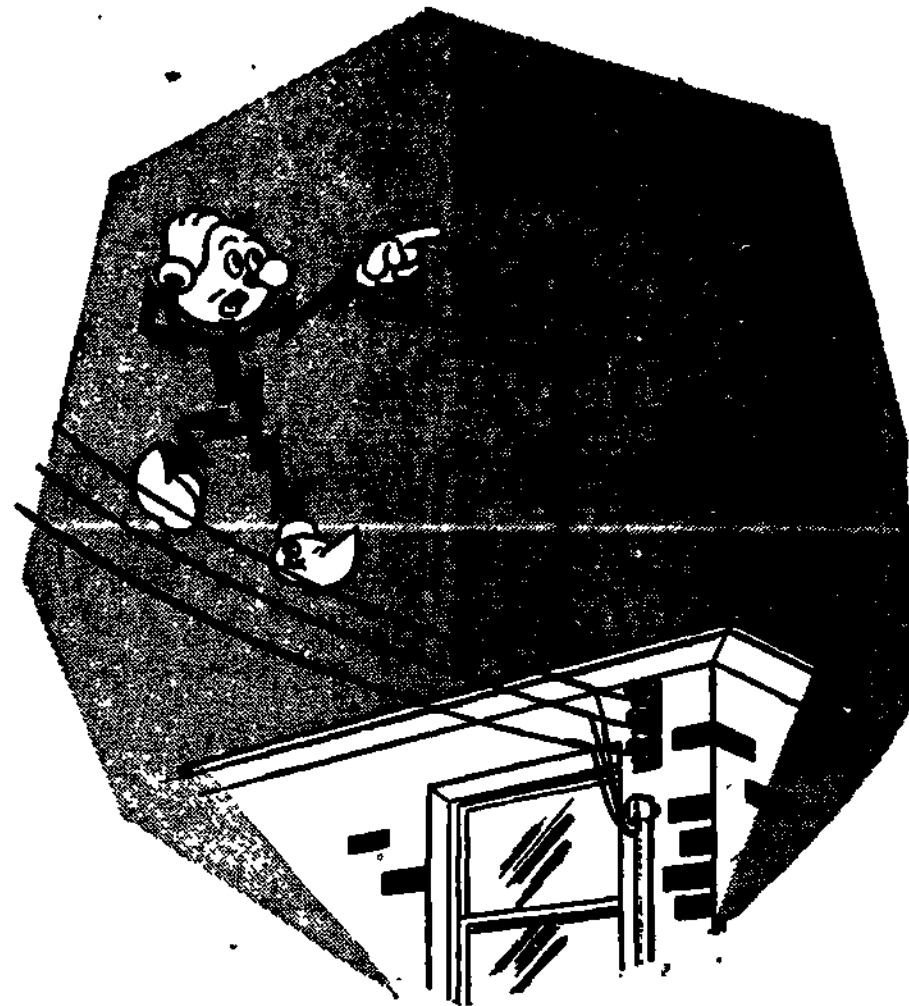

County Civil Defense Director William C. Fuelhart announced this morning the appointment of Gurney Ball, of Youngsville, as county chief of the air observation phase of the program.

Yesterday, Sgt. Rowe and Cpl. Geen, of the Air Force Filter Center in Buffalo, were in the county, surveying the observation program as part of a trip through this area to look over the set-up.

On their trip, they were accompanied by Mr. Fuelhart; Deputy Sheriff Sandy Secor and P. C. Ostergard, assistant county directors; Sheriff Larry Linder, security chairman; and George Eberhardt, chief of the Warren observation post.

Officials are still stressing the need for volunteers for the air observation service. The local post is presently located at Irvinedale school. If you have a few hours to spare for the work, you are urged to call civil defense headquarters, telephone 14, any afternoon between one and five p. m., or contact Mr. Eberhardt, whose telephone is 3417-M.

DANGER!

Your Television Antenna and Electric Wires Don't Mix!

If you are about to purchase a television set and install an antenna, we would like to make a few recommendations. The purpose is to try to save a life—perhaps yours. A number of deaths have occurred in Pennsylvania when inexperienced persons attempted to erect a television antenna.

First, we'd like to recommend that you have a qualified television serviceman install your set. If it is necessary to erect an antenna, he is the man to do it. He is equipped by training and experience to do the job well and he is used to working in high places.

However, if you do the job yourself, keep these things in mind. Do not install the antenna close to electric wires, even if they are only service wires to your house. For your own safety and the protection of your television set, keep your antenna as far

away from all wires as possible AND BE SURE IT IS PROPERLY GROUNDED.

A television antenna is by nature top-heavy, hard to handle, and is easy prey to strong winds unless it is securely mounted and guyed with at least four rust-resistant wires, securely fastened. The whole installation should be inspected every year or so to make sure it is secure.

One more thing; if by chance your television antenna does get into electric wires, do not touch the wires or anything in contact with them. Instead, keep everyone away and contact your nearest Panelco office.

Your television set is just one of the many wonderful things in this age of electrical living. It was intended to bring you a world of pleasure and not a single moment of grief. So won't you be careful—please?

Father-Son Banquet At Grace Methodist

Men and boys of Grace Methodist church and its Scout Troop 2, 140 in all, attended the annual father and son banquet sponsored by the McCurdy Men's Class and held in the church dining room.

The delicious meal was prepared and served by members of the Dorcas Society at tables emphasizing the Boy Scout birthday theme.

George Smith, McCurdy president, served as an able toastmaster for the program, which included the invocation by Dr. H. H. Barr; the toast to the sons by Carl Lindberg and the response by his son, David, an Eagle Scout; group singing led by Ed Bimber and accompanied at the piano by Harry Summers; Scout recognition speech given by Scoutmaster Fred Watt and the response by George Smith; address, Dr. Barr.

On the lighter side, the group was enjoyably entertained by the antics of the Fox Brothers and Elmar Anderson, comedy team from Russell and Akeley.

Committee heads for the very enjoyable event were Ed Bimber, general chairman; Malcolm Young, tickets, and Harry Summers, entertainment.

While the Warren High Dragon dribblers are idle from play tonight, the spotlight in Warren County will turn itself to Tidioute where Coach Charles Anderson's cagers play host to Youngsville in a key Upper Allegheny Valley loop tilt.

Currently Tidioute, the defending titleholder, holds a half-game lead over the Coach Frank Kamus' passers, but the victor tonight is almost a sure bet to win the crown. Each team has lost once to the other for their only league defeats, Tidioute taking the last contest by a one-point margin.

Youngsville will have two league contests to play after tonight, but will be highly favored in both. Tidioute will just have one game to go.

The other UAVL contest tonight pits East Forest against West Forest, in what should be a close contest.

Going over to the Allegheny Mountain conference tonight, Sheffield and Johnsonburg will go into action with their respective Class C and Class B titles all sewed up.

Coach Ralph Santo's Wolverines travel to Kane, undefeated league leader with 10 straight wins, and the Johnnies meet Wilcox in an away game. Emporium and Ridgeway play the final AML fray.

Section Two teams in competition tonight are Titusville, Oil City and Corry. The Rockets play host to Millersburg, Oil City is in a similar role for Greenville, and Corry travels to North East.

This Friday the Section Two list cards Warren at Oil City, Titusville at Franklin and Corry at Meadville.

Cribbing Scandal at William and Mary

Williamsburg, Va. (AP)—The aged College of William and Mary faced a major athletic rebuilding job today in the wake of the nation's worst cribbing scandal since the expulsion of 90 West Point cadets in 1951.

At least a dozen athletes, including first string football and basketball players, were among an estimated 30 to 35 students dropped from the William and Mary rolls for violating the school's honor code.

College officials, beyond admitting that infractions of the honor system had occurred, maintained a tight-lipped policy and declined comment. They withheld names of those involved.

It was the second big scandal to shake William and Mary, the nation's second oldest college, within a year and a half.

Looks Like Dodgers Traded Themselves Into Another Flag

Brooklyn (AP)—The home folks think the Brooklyn Dodgers traded themselves into a second straight National League pennant by picking up pitcher Russ Meyer.

The temperamental right-hander was the biggest name in a six-player three-way swap late yesterday which shook up National League talent of four clubs.

It probably will take a season's play to figure out who got the best deal.

The Philadelphia Phillies started the merry-go-round by trading Meyer and some cash to the Boston Braves for first baseman Earl Torgeson. The Braves promptly sent Meyer to Brooklyn in exchange for infielder Rocky Bridges and shortstop Jim Pendleton, then swapped Bridges to Cincinnati for first baseman Joe Adcock. The Braves included another as yet unnamed player in the Cincinnati deal.

The shuffling may not be all over yet since the Reds have been trying to get outfielder Ralph Kiner from Pittsburgh. Branch Rickey supposedly is interested in young infielders. So Bridges may end up with the Pirates.

Kansas' Allen Defies Critics; Uses Gridders on Cage Team

BY JOHN McCALLUM
NEA Staff Correspondent

NEW YORK—(NEA)—Each fall when a college abandons its courses in blocking, tackling, spinning and weaving, it leaves more than half a hundred students at loose ends.

They have nothing to do except study, which is a most distasteful situation for young men with muscles.

Out in the corn belt country, Dr. Phog Allen, the greatest leader since Hannibal, or something in between, has come up with a solution. He lets them play basketball.

The good doctor took off in full oratorical flight the other day when he was reminded that most basketball coaches frown on using gridders. "Kansas has done all right since I've been here—29 conference championships and the NCAA crown last year," he pointed out. "Few, if any, of these titles were won without the help of at least one football player."

No less than four choice chunks of sinew from the Jayhawk football team are keeping up their studies in dribbling, shooting and running this winter: All-America Halfback Gil Reich, End Harold Patterson, Center John Anderson and End Jerry Taylor.

"WHAT most folks don't realize," says Allen, "is that the two games are first cousins. Both are contact games, despite what they say about basketball to the contrary. Any time you get two or more boys going in the same or opposite direction for a loose ball, you've got contact."

"Dribbling through a spread defense, for example, is akin to a halfback running a broken field. There's an element of the forward pass in basketball passing."

"Football players, naturally, are tough and aggressive. They can stand shock without signs of distress. Nearly all of them have sturdy legs, and basketball is played as much with the legs as the arms."

Moving from football right into basketball is a tight schedule. What about academic life? "Check and you'll discover that most athletes make their best grades in school when they're competing," he suggests. "They are sharp because of their competitive zeal. They budget their time better. They discipline themselves to do the job."

Former High School Grapplers in Spotlight

Ex-Warren High grapplers Clark Wright and Bob Benson are becoming more and more in the spotlight in the field of college wrestling.

Wrestling for Baldwin Wallace three times last week, Wright won a decision and two pins to build his record to 6-1 this season. Last Wednesday Wright was awarded a 4-0 decision in B-W's 32-0 triumph over Oberlin; Friday he had a third period pin in his team's 17-11 victory; and Saturday he fell his man again as Baldwin Wallace lost to Toledo, 22-10. The college has a season record of 5-4.

Benson, grunting and groaning for Lock Haven State Teachers, won a 5-0 heavyweight decision over Pantley as his squad snapped Waynesburg College's 33-match winning streak.

Titusville's Ron McIntyre, also wrestling for Lock Haven, won his sixth straight fall in the match.

Jean Cronstedt, Finnish orphan and outstanding Penn State gymnast, has given up a projected career in foreign service to study medicine. The 20-year-old is a top-ranking student, and National AAU calisthenics champion.

FAMILY MAN

Style Shop Drops the Certified Electric by 45 to 44 Score As Rockets Down Wiggers, 50-40

An improved Style Shop quintet handed Certified Electric its fifth straight loss, 45-44, and the Rockets dumped Youngsville Wiggers, 50-40, before the smallest crowd of the season in the YMCA-City Basketball circuit last night.

After trailing 25-21 at the intermission, the Stylers rallied for 17 points to move in front 38-36 going into the final canto and held out for a slim one-point victory.

Vern Smith and Vin Gray took over the Style Shop's scoring burden last night, tallying 14 and 12 points respectively. Dick Campbell, Larry Anderson and Jim Beckenbach scored 10 points apiece for Certified.

The win was the second for the Style Shop in four starts this half, after they closed the first round with a lone victory.

The Rockets, 49-48, losers to Wills in their last contest, took an early 15-8 lead over Youngsville in the first chapter. Coming out of the short end of a 12-10 period, the Maroon clad cagers came back to outscore the losers in the last two cantos.

Frank Masterson hit the rim with six fielders to lead the Rockets with 12 points, while Bill Pollard and Jack Haight took individual honors for the night with 13 and 15 points respectively.

23 PIRATE PLAYERS REPORTED SIGNED UP

Pittsburgh (AP)—The Pittsburgh Pirates counted 23 players signed for the 1953 season today following the addition of Bobby Friend, 22-year-old righthanded pitcher.

Joe Garagiola, slated to be the Pirates' first-string catcher, came here from his St. Louis home yesterday to discuss his contract. No details of the bargaining were disclosed.

22-GAME SCHEDULE
Penn State's NCAA District Two champions will undertake a 22-game baseball schedule in 1953. Joe Bedenk's Nittany Lions, who headed Texas and Duke to gain third place in the "College World Series" at Omaha, Neb., will open against Lehigh April 10. Three double-headers are booked.

WRESTLING-CONSCIOUS
Penn State, winner of 22 straight meets since 1950, is wrestling-conscious. The year's top crowd of 5,800 filled Recreation Hall for the traditional duel with Lehigh.

Funeral Plans For Struthers Wells Co. Official Are Delayed

HARRY H. CROSBY

Awaiting arrival of members of the family from away, funeral services for Harry H. Crosby, 619 Pennsylvania, west are still incomplete and will be announced later.

Mr. Crosby died suddenly at Warren General Hospital on Monday, having been taken ill of a heart attack while visiting the First National Bank. A resident of the community for many years, he was a familiar figure about town and, despite the fact he had been in ill health and under a physician's care for several weeks, his passing came as a shock to all who knew him.

Removal has been made to the Leo D. Gibson Funeral Home, where friends will be received at the usual calling hours starting at 2:00 p. m. Wednesday.

Mr. Crosby was born in Minneapolis, Minn., a son of Dr. Arthur B. and Mary Henry Crosby. He was married in Philadelphia in July, 1908, to Estelle M. Dwyer, of San Francisco, Calif., who preceded him in death on December 27, 1948.

Surviving are two daughters, Mrs. Arthur J. Honhart of Warren, and Mrs. Charles D. Myers, Jr., of Lexington, Ky.; one son, Harry H. Crosby, Jr., Albuquerque, N. M.; a sister, Mrs. George M. Brownson, and a nephew, Crosby L. Brownson, Chicago, Ill., also 11 grandchildren and several grandnieces.

Mr. Crosby had been affiliated with the Struthers Wells Corporation for the past 30 years and during the past ten years had held the post of treasurer of the firm. Earlier, he had served as its secretary.

Prior to his association with the local concern, he held responsible positions with the New Castle Board of Trade, the Lehigh Tire and Rubber Company, Freestone Tire and Rubber Company, Hos-

kings and Sells Accounts, and the Southern Pacific Railroad. He was a member of the Bankers Club of America.

MINNIE S. KEIL

Mrs. Minnie Schaeffer Keil, 16 Oak street, died at her home at 12:20 p. m. Monday, aged 72. Born in Warren on February 9, 1881, she had been a lifelong resident of the community and was a member of First Lutheran church. The widow of Frederick W. Keil, she leaves only a number of nieces and nephews.

Removal has been made to the Peterson Funeral Home, where friends will be received at the regular calling hours, starting at seven o'clock this evening and where services will be held at 2:00 p. m. Thursday. The Rev. F. B. Haer, pastor of First Lutheran church, will officiate and interment will be made in Oakland cemetery.

MRS. BERTHA BURGETT

Final rites for Mrs. Bertha Chase Burgett, former resident of Russell who died in Casa Grande, Ariz., will be held at the Lutz-VerMyer Funeral Home at 2:30 p. m. Thursday. The Rev. E. W. Chitester, pastor of Frewsburg Methodist church, will officiate and interment will be made in Pine Grove cemetery at Russell. Friends will be received at the funeral home at the regular calling hours, starting at 3:00 p. m. Wednesday.

MRS. FRANK SWANSON

Mrs. Carrie Chapel Swanson, 62, wife of Frank Swanson, died suddenly last evening at 8:30 while attending a meeting of the Townsend Club at 223 Pennsylvania avenue west. The coroner was informed she had been under the care of a physician.

Born in Warren July 22, 1890, she lived here all her life and was a member of the Protected Home Circle.

Besides her husband she is survived by two daughters, Mrs. Teresa Wilson, Lebanon, O., and Mrs. Doretta Guiffre, Warren; two sons, Frank Swanson, Erie and Kenneth, at home; the following brothers and sisters, James Chapel, Mrs. Phoebe Johnson, Mrs. Marie Hamm, Warren; William Chapel, Mayville, N. Y.; Bertram, Starbrick; 12 grandchildren and four great grandchildren.

Removal has been made to the Peterson Funeral Home. Calling hours will begin on Wednesday at two p. m. and funeral services will be held Thursday afternoon at 3:30 o'clock.

Prominent Citizen Of Jamestown Dies After Short Illness

WATERS C. DAVIS

Jamestown — Waters Coates Davis, 61, president and treasurer of the Davis Furniture Corporation and the Randolph Furniture Works, died at 8:15 p. m. Monday, in WCA Hospital after he was stricken suddenly at his home.

A prominent Jamestown manufacturer for more than 30 years, Mr. Davis was born Sept. 17, 1885, in Wellsville, the son of Charles Emmet and Augusta Evans Davis. He came to Jamestown in 1909 as a salesman, later becoming an executive of the Merriman Furniture Company. That concern was reorganized in 1925 as the Davis Furniture Company, with Mr. Davis as president and treasurer.

Mr. Davis was a director of the Chautauque National Bank and Trust Company, the Jamestown Mutual Insurance Company and the Randolph Children's Home.

He was also a charter member of Moon Brook Country Club, a member of the Jamestown Furniture Manufacturers' Association and a former member of the Sportsmen's Club. Dr. Davis lived at 540 Lakeview Avenue.

Surviving are his wife, Mrs. Olive Bemus Davis; one son, Charles M. Davis of Warren; two daughters, Mrs. Priscilla D. Williamson and Mrs. Eleanor D. Anderson of Jamestown; four grandchildren, Charles Walker Davis of Warren, and Sharon Leigh Williamson, Ruth Davis Anderson and Virginia Lucile Anderson of Jamestown; and two brothers, Harold E. Davis of Chicago and L. Dow Davis of Hopkinton, Mass.

Funeral arrangements will be announced by the Partridge Funeral Home.

Pennsylvania avenue, west. Damage was estimated at \$10.

A few minutes later, a car operated by William J. Loucks, 204 Prospect street, and a light truck owned by Warren Planing Mill and operated by Thomas Yaegle, Warren RD 1, collided at Fourth and Hickory. No one was injured. Police said that the truck was going north on Hickory and the automobile west on Fourth at the time. There was no damage to the truck, but the car sustained about \$150 worth.

Last evening, about 9:30 o'clock, the conductor on a northbound New York Central train reported to police that the train had struck an automobile parked too close to the tracks on East street. Owner of the damaged automobile was found to be Arthur L. Ward, of Youngsville.

Police also have received a report of an accident at Pennsylvania and Irvine last Saturday evening. Cars involved were operated by Milford Farr, 113 Cayuga, and Albert F. Minelli, 5 W. Wayne. No one was injured, and total damage was estimated at \$160.
